Objective

As an aspiring front-end developer with a background in education and a passion for building engaging, user-friendly web applications. I seek for an opportunity to gain hands-on experience in a growth-oriented tech company where I can enhance my skills and as well contribute effectively to the organization development projects.

Education

Honey Treat Academy Lagos Full Stack Software Engineering	2024 - 2025
Tai Solarin University of Education B.ed / Business Education (Accounting)	2017 – 2021
Government Senior College, Ipaja Lagos Senior Secondary School Certificate	2012 - 2015

Technical Skills

- **Programming Languages:** HTML5, CSS3, JavaScript (ES6+)
 - **Front-End Frameworks & Libraries:** React.js, Bootstrap, Tailwind CSS
 - **Tools & Technologies:** Git & GitHub, Figma, Chrome DevTools, VS Code
 - **Soft Skills:** Problem-solving, adaptability, teamwork, communication, self-motivation
-

Projects

- designed and developed a fully responsive portfolio website using HTML, CSS, and React.js.

- Integrated smooth animations and interactive UI components for an engaging user experience.
 - Built a dynamic task management web application using JavaScript and React.
 - Implemented local storage functionality to save and retrieve tasks efficiently.
 - Created a simple yet elegant blog platform where users can read and interact with articles.
 - Designed the UI using Bootstrap for responsiveness and ease of navigation.
-

Experience

- Completed online courses on front-end development (Udemy).
 - Actively participated in open-source projects, contributing to UI enhancements and bug fixes.
 - Actively pilot different CSR projects as the NYSC project manager at Ifako Ijaiye LGA. 2022/23
 - Developed lesson plans and conducted tutoring sessions on basic subjects during my teaching practice
-

Certifications & Achievements

- **Responsive Web Design Certification** – freeCodeCamp (2024)
 - **JavaScript Algorithms and Data Structures Certification** – freeCodeCamp (2024)
 - **Hackathon Participant** – Collaborated in a team to build a functional web app prototype.
